

Antropeon: Fleeing Utopia

- In the year 2175 there are no countries or governments. Instead, the giant conglomerates, Newworld and Antropeon, control everything and everyone. It is also a time of worldwide peace and cooperation in spite of the vastly different lives of each company's associates. - When Trask Hawkins discovers secrets that put the world at risk, false charges from corrupt authorities quickly turn him into a fugitive. With help from a few friends, he must avoid capture and expose the truth before time runs out.
