

Unwrapped (Werewolves vs. Mummies) (Volume 3)

Thes Mercer has done the impossible. He has beaten back the Egyptian God of Chaos and saved Egypt from eternal darkness. He has recovered his friends soul. The only thing he needs to do is return home. Except to do that, hed have to ignore one trifling, insignificant little fact. Isis, the goddess of Magic and Illusion is on the warpath. Desperate to rescue Horus from Thess allies, the deity will stop at nothing to save her son, even if it means unleashing a force so powerful it could undo everything Thes has worked to accomplish.

Unwrapped is the third book in Werewolves vs. Mummies Adventures, an urban fantasy series. Readers who enjoyed Rick Riordan's Percy Jackson series, Jim Butcher's The Dresden Files, Patricia Briggs' Mercy Thompson series, or Kevin Hearne's The Iron Druid Chronicles will likely enjoy this paranormal adventure. Interview with the Author Q - So, what makes this series special? A - Because, at the heart of the book, its about a guy trying to do the right thing by his friend. Hes not a hero or anything, and somehow hes been sucked back into Ancient Egypt and has to contend with all these things hed never expected. Oh and did I mention, hes a werewolf? Lets be honest, how many books have you read recently about a werewolf who travels back in time to fight mummies? This time travelling urban fantasy adventure embraces my love of Egyptian mythology and combines it with all things supernatural. Q - What order should I read these books in? A - Readers should start with Under Wraps followed by All Wrapped Up and finish with Unwrapped. Q - So, why should readers give this series a try? A - Werewolves vs. Mummies is a great chance to explore Ancient Egypt through the eyes of a twentieth century

werewolf. Along the way you'll meet with mythical creatures, all powerful gods and goddesses, and meet some characters who will steal your heart. That and there are enough twists and turns to keep you guessing the whole way. Thanks for reading!
