

## The Phoenix Phalanx vs. the Null & Void (The Phoenix Phalanx Series Book 1)

After confronting her rival codenamed the Postman, Raven runs to reunite with her crew, the Phoenix Phalanx. However, they find themselves in life or death battles with agents of the Void, driven insane by the Machinator. As each fight unfolds, they use their Advent Edge to outmaneuver the other. Eventually, Raven and Postman piece the truth together, but find themselves stuck working with uncertain forces and finishing their stalemate. Will they survive and succeed? Will they work together as friends or foes? And what is the Machinators true purpose behind pitting assassins against each other? The Phoenix Phalanx vs. the Null & Void is a sci-fi suspense thriller with minor bouts of horror. From simple sword, gun and fist fights to battles in illusion and steampunk requiring intelligence and creativity, this will be a conflict you will be glad to remember for the ages. Or at least let collect dust on your Kindle. :)
