

## Gangpire (Gangpire Trilogy Book 1)

Life has never been a walk in the park for Tacoma. With a crack addict as a mother, and no father, he has been responsible to take care of his little sister Seattle since he was nine, while living in one of East Oaklands most notorious drug and gang infested neighborhoods. Every day is a struggle; theyre forced to steal food, and have to rely on their street wits to survive. Lucky for them, Tacomas best friend Raiders grandmother, Mama Marcella, shields them from getting detected by Social Services. Tragedy strikes one fateful day when Tacoma asks Raider to pick Seattle up from school. But Raider forgets, and Seattle never makes it home. Tacomas world shatters around him, and he vows to wreak violent revenge on those responsible for her disappearance. But they are only teenage boys, and no match to fight Seattles powerful abductors. Raider has an idea. With the help of an ancient Santeria book he stole from his grandmother, he turns both of them into vampires. Their bloody journey to save Seattle takes them deep into the corrupt underworld of the Oakland police force, secret FBI task forces, a beautiful scientist, and death. As the two unleash their newly acquired powers, things get quickly out of control. Tacoma and Raider turn their friends into vampires to help them fight against powerful enemies, and together they leave a trail of dead bodies along the entire West Coast. Follow Tacoma on his desperate quest to find his sister, while spiraling deep into the world of an escalating vampire war

5.0 out of 5 stars This book is raw and gory!! Just how it should be!, June 16, 2014 By jason - See all my reviewsVerified Purchase(Whats this?)

This review is from: Gangpire (Gangpire Trilogy) (Volume 1) (Paperback) I love this book! I am just about a chapter or two away from the end, and Ive been hooked! Definitely well thought out, and the character development is great. You get to

know the characters all well, and the background on each. You will definitely start to feel for the characters. Once the intro has been painted, it really does get gory as all hell. Thats when I really started to like the book. The author doesnt hold back on his style of writing. If youre looking for something different, its definitely got some twists! If you like good horror, you will like this book for sure.
