

Special Talents: Goon Squad, Vol. 1

An ongoing, episodic prose comic from which the pictures are summoned by the magic of words, Goon Squad is set in a version of modern-day Manchester. Its biggest divergence from the real city is that it - along with most other large urban centers - has a team of superheroes to protect it against unusual threats with which the conventional forces of law and order would have problems. Goon Squad, Volume 1: Special Talents is composed of six tales: The New Girl, Nightclubbing, By the Water, by the Grave, Changes, No-No Dojo, and Exterminating Angel as well as an introduction read by the author.
