

Graces Guide: The Art of Pretending to Be a Grown-Up

#1 New York Times Bestseller By the host of The Grace Helbig Show on E! and the itsGrace YouTube channel, comedian Grace Helbig offers an irreverent and illustrated guide to life for anyone faced with the challenge of growing up. Infused with her trademark saucy, sweet, and funny voice, Graces Guide is a tongue-in-cheek handbook for millennials, encompassing everything a young or new (or regular or old) adult needs to know, from how to live online to landing a job to surviving a breakup to decorating a first apartment, and much more. Charmingly illustrated, Graces Guide features full-color photos, interactive worksheets, and exclusive stories from Graces own misadventures, including her disastrous interview for NBCs Page Program, her lifelong struggles with anxiety, the first (and also last) time she entered a beauty pageant, meeting her first boyfriend at a high school Latin convention, and many other hilarious lessons she learned the hard way. Amusing and unexpectedly educational, this refreshing and colorful guide proves that becoming an adult doesnt necessarily mean you have to grow up.
