

Grow Your Own Spirulina Superfood: A Simple How-To Guide

For home-grow Spirulina kits, supplies, and workshops come to ALGAELAB.ORG! Spirulina is a well-known and popular superfood, but did you know you can grow it in your own home, in a space no bigger than a window?

Its high growth rate makes it easy to harvest every day, getting a unique, fresh, and nutrient-dense food that is easy to eat. Join NASA algae scientist Dr. Aaron Wolf Baum of AlgaeLab.org in exploring this exciting new way to farm: everything you need to know about growing, harvesting, and maintain your own Spirulina is inside! Every step is described in detail and illustrated in color. Includes recipes, growth and maintenance tips, ideas for expanding your setup, a troubleshooting guide, instructions on growing up from small culture samples, and references for further reading. Written by NASA algae scientist and AlgaeLab founder, Dr. Aaron Wolf Baum.
