

## Kidnap (Guy Erma and the Son of Empire) (Volume 1)

Guy Erma and the Son of Empire is a new three-part action adventure, set a long time ago on a planet far far away. I don't want to go! Do I have to go? Prince Teodor of Freyne knows his duty to the memory of his father and his kingdom, he must help those less fortunate than himself. He must also impress his uncle the Emperor if he is ever to become the Son of Empire. A frightening nightmare fills him with foreboding, but still he must go - into the Dome. Guy Erma lives in the shadow of the Dome, he has no father and no mother and his future is uncertain, he must start earning a living soon. He knows not where he will live or even how he will eat, and his only dream is to be accepted in the military academy - at the heart of the Dome. Two boys as different as any two boys might be. One act of cruelty will throw their lives together, but who dare they trust? The Empire of Freyne is a newcomer to the United Races. As a developing race, the thirteen-planet empire is of interest to other galactic races, not all of this interest is friendly. The Dome Elite is a force of space marines whose defensive actions and adventures defend Freyne and its neighbours from hostile alien pirates and acquisitive space brigands, so allowing the inhabitants to sleep soundly at night. For the young men and women of Domeside, to be a part of the Dome Elite, you need to master the maths and technology associated with space warfare and also to be a fierce fighter who can fight in confined spaces with short sharp blades. When you are in Dome Elite, you are the best! Meanwhile politicians and imperial rulers know that whosoever controls the Dome Elite, who decides their mandate and mission also controls the galactic empire. You have to inspire and lead the men, to have and hold the right alien alliances and legal treaties. When you own the Dome Elite, you are in power! A twist on the traditional Prince and Puper tale, this is a

good old-fashioned space opera and political thriller -if you loved the politics and infighting of Frank Herberts Dune;if you die when you read of the fellowship and loyalty shown inJ .R.R Tolkiens Lord of the Rings;if you have ever gasped in delight as theMillenniumFalcon raced to the rescue in Star Wars,then you will adore Guy Erma!IllustrationsThis book includes4 full colour illustrationswhen read on a colour kindle or eBook reader.
