

Hard Luck Hank: Suck My Cosmos

Life is tough on the space station Belvaille. Not for the aristocratic nobles that call it home, but for the poor slobs like Hank. Hank is considered a celebrated cutthroat and the oldest living person in the city. His occupation is to be hired muscle for those people who don't want to get their hands dirty but still want dirty things done. He possesses a mutation that allows him to be bulletproof and weigh thousands of pounds, two helpful traits in his line of work. When the wife of a City Councilman approaches him about spying on her husband, Hank worries he's flying too close to the flames for safety. When the husband is assassinated, he's sure of it. Hank has to keep himself from getting framed for the murder while he finds himself increasingly manipulated by increasingly powerful people as the machinations of the City Council start to spill into his daily life. NOTE: Sequel to Hard Luck Hank - Screw the Galaxy, Hard Luck Hank - Basketful of Crap, and Hard Luck Hank - Prince of Suck
