

Harmonics: The Jadian Sun (Harmonics Series Book Three)

For Samantha Montgomery, it seems there is no end to the reach of the Jadian Empire, as she once again finds herself at its mercy.

Although life in an underground military facility was no picnic, the dangers within the elusive Empire may prove even more perilous. With Richards sacrifice all for naught and Adam a part of those responsible for the attack on her school, Sam must find a way back to her home, back to her family back to the life she once knew on her own. Sam isnt sure who she can trust as everyone around her seems tangled in the Empires vast web of deceit and duplicity. As she descends deeper into the heart of the Seven Cities, she realizes that nothing is certain- not even her beliefs about herself. Now she must choose between the life she has always known, or the truths she has discovered. Join Sam as she uncovers the legacies, legends, and lies in Harmonics: The Jadian Sun
