

## Heartless 2: Still Grimy

Surviving, after almost being killed, Brandy is back and more heartless than ever. Shes up to her old tricks until an old flame pops back on the scene and the sparks begin to fly. She lets her guard down only to soon be confronted with the reality that shes being played for a fool once again. Now heartbroken, she vows that everyone must pay. Will she make it out alive once again, or will being heartless finally catch up with her?
