

## Apocalyptic Mojo

This is a world you want to dive into head 1st and then move on to the 2nd one. The Epoch Mages and the Sorceri Bounty Hunters are ALWAYS on opposite sides of any issue. They H-A-T-E each other. But when a rogue witch decides to take over the world using flesh-eating zombies, Ardith and Draigh have to work together to stop her. And though theyve twisted themselves inside out trying to deny their blistering desire for each other, they soon learn theyll need to work together to accomplish what many before them have failed to do. Yep, its all gonna be downhill from there! NOTE: Complete novel. No cliffhanger. Dual POV. Rated 18+ for language and strong sexual content. This is an adult paranormal romance. Book 1 in a series which centers on time traveling witches and bounty hunters in a post-apocalyptic, futuristic, space-traveling world. It also includes zombies, hellhounds, and a dark plot to take over the world with beautiful zombies created from death magic. These are stand-alone books that create a series. They do not need to be read in order. If youd like to read them in order, the experience is even richer: #1 Apocalyptic Mojo #2 Tall, Dark & Apocalyptic #3 An Apocalyptic Need
