

How to Rescue the Earth Without Worshiping Nature

God created the Earth and called it good. Christians should therefore be taking the lead in this battle to save our planet. In *How to Rescue the Earth Without Worshiping Nature*, best-selling Christian author Tony Campolo outlines his practical program of Earth stewardship, which he calls creation care. Presenting a firm and biblically based perspective on creation, Campolo outlines specific things you can do to help restore the environment, not worship it, while demonstrating how to experience nature in the profound and joyous way that Jesus and the Apostle Paul did. Making the church green is an absolute requirement!
