

A Howl for Help

When an injured stray dog shows up at Taser's house looking for help, Taser jumps in with all four paws. But the stray is not what he claims to be and brings trouble to Taser's master. Meanwhile, the neighborhood has its own problems when a home invasion and robbery put a human friend's life at risk. Taser and his pack go to work in hopes of solving the crime. It won't be easy. The spunky Lab must avoid an irate neighbor and a new predator stalking neighborhood pets if he hopes to succeed.
