

Picture Tests Orthopaedics/Trauma (Colour Guide)

This is a self-testing revision quiz book that should be of value to senior medical students, junior doctors, surgical registrars and residents in training, as well as doctors, nurses, physiotherapists and paramedical personnel. Produced in the same format as the Colour Guides series, this book is an aid to learning and revision, containing colour photographs and X-rays of both common and unusual injuries related to orthopaedics and trauma.
