

Haiku: Time Passing By (A Haiku Collection Book 2)

Haiku is like the very essence of a complex painting: a powerful message rendered in only seventeen syllables. On the principle less is more, the beauty of this poetry comes from its simplicity, from its stillness as a snapshot of a perfect (or imperfect, but empowering) moment that moves and stirs the soul. These pieces are some snapshots seen through the lens of my hearts camera, taken through time. I hope you enjoy them!
