

## Jack & Jill (Alex Cross)

A controversial U.S. Senator is found murdered in his Georgetown bed. On the other side of town, a beautiful little girl is found dead, savagely beaten. Washington, D.C. homicide detective Alex Cross is brought in to try to find a connection between the two murders--even as the killer strikes again. No one in Washington is safe--not children, not politicians, not even the President of the United States. Cross has impressive skills and the courage to match, but can he discover the truth in time?.
