

## Jon Ronsons Adventures With Extraordinary People

Jon Ronsons Adventures With Extraordinary People collects together in a single volume three of Jon Ronsons bestselling titles, Them, The Men Who Stare at Goats and The Psychopath Test. Them charts Jons discovery that extremists - Islamic fundamentalists, neo-Nazis, Ku Klux Klansmen - all have one oddly similar belief: that a tiny, shadowy elite rule the world from a secret room. And so Jon sets out to locate that room. Chased by men in dark glasses and unmasked as a Jew in the middle of a Jihad training camp, Jons journey is creepy as well as comic, and perhaps the extremists are on to something ... The Men Who Stare at Goats tells the unbelievable story of the First Earth Battalion, established by the US Army in 1979 as a secret unit, they defied all known military practice, and even the laws of physics, in their belief that a soldier could become invisible, pass through walls and kill goats just by staring at them. And, as Jon discovers, they really werent joking. The Psychopath Test sees Jon set out on an utterly compelling adventure into the world of madness. He meets psychopaths, those whose lives have been touched by madness and those whose job it is to diagnose it, from whom Jon learns the art of psychopath-spotting. And it soon becomes clear that madness could indeed be at the heart of everything ... Often funny, sometimes chilling and always thought-provoking, these books combine Jons trademark humour, charm and investigative incision whilst asking some very serious questions. The belly laughs come thick and fast - my God, he is funny Observer
