

AlibiZ (Afterworld Series #2) (Volume 2)

A chilling discovery in the woods leads Rebekah and Preston to rethink who is behind this new army and what it is they want. Pinned between criminal gangs and malicious government agencies, Rebekah and Preston realize they can trust absolutely no one in this new world where the undead are as powerful as the living. A select few are determined to undermine the world's progress and take hostages into the shadows where man's desires of power, greed, and hate meet the devil's wishes. When Preston falls into a trap no one could have seen coming, Rebekah realizes she might never see the man she let herself fall in love with, and she's not sure she can bear that heartache twice. Will learning the alibis of others make it possible to defeat an evil so deep it taints the innocent and energizes the wicked? Or will she have to learn to say another goodbye to the man she loves?
