

Second Creation (Selected Stories) (Volume 1)

This volume is the first in a series bringing together the short stories of veteran science fiction author Gordon Eklund. Heading this collection is the author's first published story, *Dear Aunt Annie*, which appeared in *Fantastic Stories* magazine in 1970 and which was nominated for a Nebula Award. The other stories within these pages originally appeared in such publications as *The Magazine of Fantasy and Science Fiction*, *Amazing Science Fiction*, and *Terry Carrs Universe* anthologies, and the themes explored by Eklund are diverse: a race of man-serving robots attempting to recreate their creator, a family of healers who find their gift a double-edged sword, a man who absorbs the mind of the painter Vermeer, a mad-scientist inspired by a H. G. Wells novel, and much more. Fellow writer Gregory Benford, with whom Eklund shared a Nebula Award for their 1974 story *If the Stars are Gods*, has written a new introduction for this collection.
