

## Horus Heresy: Know No Fear

Mustering for war against the orks, the Ultramarines Legion is attacked by the Word Bearers on the planet of Calth, and the forces of Chaos openly reveal their part in the Heresy. Unaware of the wider Heresy and following the Warmasters increasingly cryptic orders, Roboute Guilliman returns to Ultramar to muster his Legion for war against the orks massing in the Veridian system. Without warning, their supposed allies in the Word Bearers Legion launch a devastating invasion of Calth, scattering the Ultramarines fleet and slaughtering all who stand in their way. This confirms the worst scenario Guilliman can imagine. Lorgar means to settle their bitter rivalry once and for all. As the traitors summon foul daemonic hosts and all the forces of Chaos, the Ultramarines are drawn into a grim and deadly struggle in which neither side can prevail.
