

## Better World (Fractured Era Legacy Episodes Book 1)

USA TODAY Bestselling Series Three hundred years ago, Earth suffered a mass extinction event, and the last humans fled to the stars in search of a new home. In the darkness, they fought to survive. Now the fleet decays, and their hope of finding a better world is fading. Aboard the London, the Kerrigan family rules with an iron fist. Maeve Vasquez slaves away in the blistering metalworks, stalked by tragedy and chained by tradition. She'll do anything to escape... no matter the cost. Brutal conspiracies and devastating betrayals threaten to fracture the fleet. And the colonists have forgotten the most important lesson their ancestors swore to remember: It only took one wrong choice to destroy life on Earth. Will the descendants make the same mistake? Better World is a 154 page episode and takes place two years before the events in Legacy Code.
