Hilah, I made the Chorizo in your Breakfast Taco book and the flavor is spot on. Its great, You have the flavor without the grease. Thank you very much, I dont have to cook the grease out of chorizo before I use in a recipe anymore. - Bob

Thank you so much for a wonderful book! I love cookbooks that are more than just recipes. Id have gladly paid to get it. Im really looking forward to using it (especially the chorizo recipe) once I get the kitchen in my new apartment in order. - Randy

I had a brunch for 30 the other day and made your breakfast tacos and avocado salsa and people (after the confusion that they werent eating breakfast burritos) went nuts over them. AND I have so many leftover tortillas, I can have breakfast tacos for the rest of the year. hollah! - AC

This is exactly the book I needed. Ive been away from home for a while about 2 years in NY from San Antonio and its lonely without some of my favorite tex-mex. I made frito pie the other day and my boyfriend was amazed at the idea of putting chili on top of chips. Thanks for the breakfast taco cook book! I love me some chorizo! - Katherine

We finally had breakfast tacos for the first time this morning, and OMG! SO good! Even my 2 year old had no trouble stuffing his face with the eggy, sausagey, salsa-verde-y, potatoey goodness, and my partner went back for seconds! - Gill
