

Contracting in a Managed Care Environment: Market-Based Approaches (Ache Management Series,)

Managed care contracting has become a key marketing challenge. The matter of managed care raises the most basic, crucial marketing questions such as: what are your organizations core services?, how will we deliver those services?, and how will we price those services? Contracting in a Managed Care Environment: Market-Based Approaches offers practical advice on how to tackle the tactical, operational, financial, and actuarial issues surrounding managed care. Topics discussed include: Developing a managed care strategy Determining pricing options Allocating funds and risk Negotiating effective contracts Establishing the necessary infrastructure
