

Song of Ariel: A Blue Light Thriller (Episode 5 of Book 3)

In a Mississippi tobacco field, Jason La Chance and Danielle Peterson come face to face with the extraordinary power of the Blue Light when Charlee is mortally wounded in a firefight with an unknown enemy. Here they begin to realize the awesome responsibility they've been burdened with in protecting the objects from evil men bent on destroying everything mankind has struggled to achieve. Here, in a world turned upside down by evil they must find a way to reach the child, mankind's only hope for salvation. Meanwhile, held up in the ice caves, the group is treated to a demonstration of Ariel's brilliance, even as they discuss the reasons for the child's extraordinary intelligence and intuition. Is she the new Messiah? Does she have the power to save mankind from itself; will she survive long enough to even try?
