

# MasteringEnvironmentalScience with Pearson eText -- Standalone Access Card -- for The Environment and You

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Normal 0 false false false EN-US X-NONE X-NONE Used by over 1.5 million science students, the Mastering platform is the most effective and widely used online tutorial, homework, and assessments system for the sciences. The eText pages look exactly like the printed book, and include powerful interactive and customization functions. This is the product access code card for MasteringEnvironmentalScience with Pearson eText and does not include the actual bound book. Welcome to a new introductory environmental science book that offers students a reliable science foundation and inspires them to connect the course to the choices they can make as citizens. Its about science informed by decades of careful research by generations of scientists and presented in a manner non-science majors understand. Its about solutions offering a fresh alternative to

doom and gloom by emphasizing problem solving and scalable solutions so students can make more informed choices on actions to support the well-being of humans and the planet. Its about todays studentsmaking navigating information, focusing, and learning easier for a wide range of students. Its written by a world-class scientist and dedicated teacher author Norm Christensen was elected Fellow of the American Association for the Advancement of Science, is founding dean of the Nicholas School of the Environment, and has served as president of the Ecological Society of America. He is also a gifted teacher who has taught the introductory environmental science course for over 15 years and won a Distinguished Teaching Award.
