

# Mechantula

When San Francisco is attacked by a giant mechanical spider, three unlikely heroes become humanity's last hope. Can Dave, the manager of Carliones Pizza Palace; Dawn, a comic book convention booth babe; and Johnny, a former bodybuilder and infomercial product salesman, come together to battle every diabolical obstacle Mechantula puts in their path? Probably not. Mechantula is a farcical, thrilling, romantic adventure for those who claim to have a sense of humor.
