For years, she dreamed of reconnecting with her past. Now shes going to meet it in a way she never expected: Head-on. Her father is alive. Her mothers memories are trapped inside his old ship. Shes on the run from her very own Navy, and now has been tasked with the impossible: Rescue her parents. Save the galaxy. End a war. Before she can begin, however, Molly must first help a friend in need. One of her crew members is in trouble, a life hanging by a slender thread. Theres only one place to turn: the home world of Humanitys sworn enemy, the very race Molly and Cole have been trained to meet in battle and have been conditioned to fear and loathe. Planet Drenard. The next stop for the starship Parsona.
