

## 20 Incredible Dinosaurs: A book for kids to learn names , location and facts about the top 20 dinosaurs.

This is a book on the 20 Dinosaurs. This book has been written for all lovers of dinosaurs. Whether the reader is a beginner, so that words are all explained in a glossary, or a budding expert. This book gives the reader all of the information on the top Dinosaurs. The top 20 Dinosaurs are introduced with a picture, their popular name and then their scientific name. Then their height, length, weight, continent of discovery and time of existence. These factual pieces of information are displayed on a card. Following this is then approximately a page on each to describe and talk about each dinosaur. There are 55 pages in total with great easy to read information. This book is also great for a quick reference, whether for projects for school or when wanting to confirm information on a particular dinosaur. All the information on needs to be a budding paleontologist.
