

## Firebird (Apocalypto Book 4)

A rare fertile female in a sterile future, Mallory has one purpose: to produce natural-born royal heirs for the worlds city-states. The chalices live in luxury and pleasure, sheltered from harsh new-world conditions, with only one taboo: they are forbidden to fall in love. When Mal is marked with a prophetic firebird totem, she finds herself torn between the will of gods and the schemes of kings. And when Edmund of Allel tries to save her, feelings they cant repress could well destroy them all.
