

Shattered Direction

When most people think of a pornographer, they think of some sleazy guy who is exploiting the women he films. Harry Morelands journey into porn depicts a sensitive, idealistic young man who wanted to make serious documentaries. He travels across the country from the midwest to the west coast ending up in Los Angeles where he is seduced by the glamour, the glitz, the money, and drugs. We follow his struggle as he hits bottom and then struggles to redeem himself.
