*For a limited time, buy the entire series for just 99 cents! It has been two weeks since Jessie ran away after learning that she had been infected with the Bandit and will soon become one. Tom is anxious for her safety, and enlists Ritters help in trying to find her. In his search, he discovers a startling piece of information: that Jessies mother may not be dead as Ritter claims. He hopes this news will be enough to bring Jessie back to them, but the circumstances are more complicated than he realizes. Not only will Jessie have to deal with visions of the Black and the imminent possibility of turning, she will also have to confront personal demons and delve into a painful past if she wants to hold out long enough to save her mother. Tensions reach their pinnacle in this final instalment of the Jessie Fifty-Fifty Series, as Tom strives to get closer to Jessie, Ritter flounders to connect with his daughter, and their entire wayward group struggles to find the answers that Aero City has so thoroughly hidden from view. Though each has their own motives and personal desires, there is something bigger underneath it all, something that, once discovered, may teach them that some things are worth sacrificing everything for. Resonance is the third part of the three-part Jessie Fifty-Fifty Series. Note: This novel was originally entitled The Aero Complex, and contains updated material from the first edition.
