

## The Black Sentry

In the ruins of North America, the Laws and Ways of the Sentinel control everyone and everything. The Sentinels rule is enforced by The Black Sentry, his ominous ever-present police force. Every aspect of the villagers lives is dictated by the Sentinels orderly inescapable plan--including the Winnowing, the armed combat each boy is required to undergo on his sixteenth birthday. Daman Adkins is worried about his impending Winnowing, but hes even more troubled by everyones blind acceptance of the Sentinels inflexible regime. With the help of Brita, the brilliant girl he admires, and a slave, Xander, he tries to learn more about the fabled Resistance--the only people brave enough to stand up against the Sentinel. When Daman meets a Rebel on the run, he is forced to choose between the dull but predictable life he has known all his life--and the slim chance for a better world.
