

## Not Authorized: The Jake Littleton Series Vol 2 (Volume 2)

What chance would a penniless grandfather have in finding his kidnapped granddaughter if hundreds of FBI resources had not been successful? A story of Secrets, Lies, and Deceptions which pushes people from different worlds together to hopefully save the lives of two young college women who have been kidnapped. For six years young women from ten western states had been disappearing. Ninety-six disappeared without a single ransom request, and not one body had been recovered. Six different FBI task forces operate in the ten western states to address nothing but the disappearances of young women under specific circumstances. Secrets, lies, and deception, any one of them could destroy a marriage, all are used by government agencies to protect their investigations and intelligence, and criminals use them all to hide behind. Fortunately, an FBI agent, who happened to be a single mom on one of the task forces, confides some Not Authorized information with the grandfather. The door of secrets had been cracked open. The penniless grandfather has no option but to pursue secret after secret. Secrets lead to lies, lies lead to deceptions, and deceptions lead to secrets. This story, like the first Jake Littleton adventure, will challenge the everyday thoughts, beliefs, and morals of the reader. This is the second story in The Jake Littleton Series following Revenge...No Statute of Limitations.
