

On the Head of a Pin: A Novel from Crosstown to Oblivion

In Walter Mosleys *On the Head of a Pin*, Joshua Winterland and Ana Fried are working at Jennings-Tremont Enterprises when they make the most important discovery in the history of this world or possibly the next. JTE is developing advanced animatronics editing techniques to create high-end movies indistinguishable from live-action. Long dead stars can now share the screen with today's A-list. But one night Joshua and Ana discover something lingering in the rendered footage an entity that will lead them into a new age beyond the reality they have come to know.
