

## EMT (FutureTech Industries)

Emergency Medical services on the Moon present new challenges, not all of which come with the territory. Kristine is an EMT in the Lunar Ambulance Service. Budget cuts and inadequate equipment make it increasingly difficult for her to do her job. William Schneider is finding that some of his subordinates have ideas of their own, ideas contrary to the corporate philosophy he is building, ideas that lead to shortcuts and trading lives for money. They find themselves riding their problems on a collision course to avoid disaster.
