

## Peace Army: Peace Warrior Trilogy, Book 2

Its been six years since Grant Justice was brought back to life to help the Peaceful citizens of Earth defeat the Minith. Life should be good. The Minith are gone. Grant now has a loving wife and a remarkable son. He is a hero to the society that once shunned him. But Grant hasnt been taking life easy. Hes been recruiting fighters away from Peace. Hes been cobbling together an army from the dregs of society and training them to fight. Which is a good thing, because another alien Mothership is heading their way. It will reach Earth in less than a week. Grant and his small army have been preparing for this day. They must be the Peace Army!
