

Pirate Rage (The Federation Reborn Book 2)

Pieces of the Federation are starting to come together. Star systems are joining the alliance, if only in self defense against the Horathian Pirates. Civilization and the fruits of modern medicine, education, and industry are starting to take root all throughout the sector. But the Pirates will be indomitable where the Fleet is weakest. They have found just such a weak spot and they have unleashed their wrath onto the defenseless world and its population. The Fleet must break their grip on the member world then chase them across the sector to stop them from fleeing with their ill gotten gains. Stopping them seems all but impossible, but that isn't the only thing Fleet Admiral Irons and his people have to worry about. They also have to worry about the Pirates Rage being inflicted on the helpless worlds they are sworn to protect...
