

## Playgrounds of the Mind

The sequel to N-Space Playgrounds of the Mind captures the startling range and variety of Larry Niven's spectacular career, from bestselling novels such as *Lucifer's Hammer* and *The Ringworld Engineers*, from his classic short stories of science fiction and fantasy, from his thought-provoking essays and non-fiction, from his innovative and seldom-seen work in comics (on such projects as *The Green Lantern Bible*), to an advance look at Larry Niven's upcoming projects. Like N-Space, *Playgrounds of the Mind* is a feast for Niven's millions of fans and an impressive tribute to the man Arthur C. Clarke called his favorite writer.
