

# Aquatic Gardens Ponds, Streams, Waterfalls & Fountains: Volume 1. Design & Construction & Maintenance (Or the World According to Carp)

This book is an ongoing attempt to provide concise, practical and usable information for the layout, building and upkeep of fountains, ponds, waterfalls and streams. It is written for all; from the architect or designer to the installer to the end user. The sections of this book are arranged in logical order; with design considered first, elements of costs considered, construction procedures/choices, stocking and ongoing maintenance covered beginning to end.
