From international bestselling science fiction author T.R. Harris ... here is the 13th BOOK in his Epic Saga of Human Superiority throughout the galaxy: The Human Chronicles Saga - A Clash of Aliens Adam Cain is an Alien with an Attitude...His Adventures Continue. When last we left our intrepid heroes...Adam Cain had been taken captive by the new mutant queen of the flesh-eating Sol-Kor invaders, while his trusty sidekick Riyad Tarazi made it safely back to the Milky Way. Now Riyad sets out on a desperate mission to rescue Adam. His task appears impossible, as Adam is being held in another universe cut off from our own. The only person who can help Riyad is the immortal mutant genius Panur...whos disappeared somewhere in the galaxy with Adams daughter Lila. In his search of the mutant, Riyad enlists the help of Lilas mother, the sensual Arieel Bol, along with the uninvited--yet always entertaining--Sherri Valentine. Along the way, he picks up a menagerie of assorted characters, as he seeks to stay one step of galactic forces out to stop him at all costs. And those against him include both the Juireans...and the Humans! Neither wants to see a link between the two universes reestablished. To them, allowing Riyad to succeed would mean the deaths of untold trillions of innocent creatures. In the meantime, Adam Cain isnt sitting idle. He knows Riyad will risk his life--as well as the lives of another commando team--to attempt a rescue, and he cant allow that to happen. But the only way to stop it is to escape on his own. To assist in his efforts, he stumbles upon a surprising ally, one that could spell the ultimate demise of the evil Sol-Kor race. This is the ultimate Clash of Aliens, as enemies become friends and friends become enemies. And throughout it all, our heroes manage to keep the action, adventure...and humor going.
