By his own example, hes shown them that such gifts are meant to be shared, used to make the world a better place. And hes never asked them for anything in return, showing a willingness to risk even his own life to live to his own ideals.Now Will Stark needs their help. Hes helpless, hes uneducated, and hes about to meet men who can utterly destroy him.And theyll need to make sure thats exactly what happens.Prodded by memories and with the aid of future hindsight, theyll work tirelessly, take on alternate personalities, and ensure that the plan is carried out in its entirety. In the process, theyll learn that selfless sacrifice can demand a heavy price. Theyll know that even high technology cant overcome the human spirit.And theyll understand that, even with perfect hindsight, surprises beyond expectation can -- and do -- occur.
