

Psychology: IUPsyS Global Resource (Edition 2008): CD-ROM of the International Journal of Psychology

Psychology: IUPsyS Global Resource (Edition 2008) is the updated version of the 2007 edition. It is a set of resource tools containing information about all aspects of Psychology around the world. Every year, new material is added to the CD-ROM and existing sections updated and/or expanded. It is an integral part of an institutional subscription to the International Journal of Psychology and is dispatched annually. It is also available for separate purchase. The creation of a continuously updated and expanded Psychology: IUPsyS Global Resource CD-ROM helps fulfill a key responsibility of the International Union of Psychological Science, that of advancing psychology as an international discipline and ensuring that information about the profession and psychological knowledge are widely disseminated. Psychology: IUPsyS Global Resource (Edition 2008) is organized as separate information files and databases, which are searchable using integrated software on a PC running Microsoft Windows.
