

## Quantum Mates: What Torin Wants

GENRA: MM / Erotic Romance / Sci-fi  
WORD COUNT: 53,455 (approx 129 pages) A new life on the Quantum Transport Research Project is what Raffé Landau is hoping for, what he found was a lover with a rare and similar condition of mutation that makes everyone else untouchable. But there's a reason the space station has laws that forbid anyone touching either of the TorinLee twins and when they're attacked Raffé knows he's to blame. And the only way to protect the young man he's fallen in love with is to stop touching him. Torin has never known human touch. That is until Raffé came along and it's not just the touch. Raffé makes him feel things he never knew existed. So when Raffé pulls away, not only does he not understand, it's not allowed. Raffé's about to find out that what Torin wants Torin gets. This e-book contains sexually explicit homoerotic M/M sexual content, graphic language, and situations that may be considered offensive to some readers, For readers who are NOT offended may still experience some symptoms such as heavy breath, increased body temperature, extreme arousal and the uncontrollable need to pounce your partner. Should you feel yourself experiencing any of the mentioned, relax it's natural and very healthy. Just go with the flow. Your partner will thank me later.
