

Outlaw Chics Part Three

In what could best be described as Die Saison der Schwerter (the season of swords) the stakes for the Germans and their affiliates could never be higher.

Mary Beth Mobley and her mother, Senator Mabel Southerbraun, are forced to keep silent on the homicide of Sheriff Mobley, a perverse man whose untimely death both women viewed as a blessing. Keeping their family secret is of top priority as the women secretly align themselves with Faye Bender and attempt to clear the woman's name after she's charged with murdering her own family.

Fresh out the hole after scorching a woman's face inside of Mitchellville Prison, Bonita Bender and her lover/ally Isabella Lockhart, face a new foe in warden Evelyn Pulaski. Control of the drug rackets inside the prison is top priority as the two seek to take down the one person standing in their way.

Tanya Weinberger and her love, Alfredo Lowes, meanwhile, are leading the crew's expansion into the heroin market. When a hit in Cincinnati, Ohio is pulled on rival competition, the fallout will only be felt years later. And it would ultimately place the Germans on the losing end of the stick at the hands of an old nemesis looking to even the score.

Willameena Willie Slack is an aspiring politician who turns tricks for a living. Intricate to the crew, one night with a client will change her life forever and put the crew's political power at high risk. Will her past come back to haunt her? Or will she overcome all obstacles and do what many against her believe impossible?

Dirty politics, prostitution, and shady deals forged to end one's life jump off the pages of Outlaw Chics Part Three. A brutal look into the rise of a violent organization dominated by Germans who unknowingly have more in common with The Holland Family than they could've ever imagined. A must read as this epic tale steamrolls ahead.
