In a futuristic world that seems all too peaceful, Rachel Mercer finally bridges to become an adult. Once trained as a LEO (Law Enforcement Officer), she quickly realizes that things aren't what they seem while being trained at an accelerated rate with the new and curious technology of the A.R.E.S. Things take a turn for the unexpected when an all too mysterious and charming gentleman David appears into her life that hides his identity of being a Congressman-to-be from her. But that is only one side of his heavy secret. As trouble catches up, Rachel discovers him to be an Unrestricted person who she was trained to hate and kill with extreme prejudice as they flee to the Restricted area for safety where she is then encountered with the choice of joining their cause, or die loyal to her corrupt nation. In an epic journey filled to the brim with suspense, action, and stop-your-heart romance, she is encountered with two choices. To remain loyal to her nation and live happily ever after, blind to all the injustices and corruption around her and lose her chance at love, or become an Unrestricted, opening her heart to David and fight for what she truly believes is right. Once decided, there is no going back.
