

From Riches 2 Rags (From Riches To Rags Book 1)

What do you consider rich? Some people believe that rich has something to do with monetary value. Some people believe that rich is simply being happy and content with life. Julius Ruffin had a rough upbringing. After being shipped from foster home to foster home as a child, Julius truly believed that being rich was all about having the simple things in life that most people take for granted every day. Like truly loving someone and having someone who truly loved you. Julius dreamed of being this kind of rich every night. That was until he got a small taste of being that other kind of rich. A little taste of financial success turned Julius into a person that he did not recognize when he looked into the mirror.....The kind of rich that Julius achieves comes with a steep price. A price that threatens to cost him everything he'd come to love.
