

Romantic Love & Sexuality

What is romantic love? Why is it so difficult to achieve and sustain? What common errors do we make as men and women that prevent us from the possibility of romantic fulfillment? Nathaniel Branden not only gives us the answers to these questions, but tells how to improve the quality of a successful relationship and how to understand and appreciate the meaning and value of romantic love. Most importantly, he explains the conditions necessary for the continual growth of romantic love and the role of one's sexuality in the romantic relationship. 6 CDs
