

The Romulan Stratagem (Star Trek: The Next Generation Book 35)

On a mission to an unexplored planet near the Klingon/Romulan border, the U.S.S. Enterprise travels to the planet Eloh to negotiate Federation membership. But upon arrival, Captain Jean-Luc Picard and his diplomatic team find themselves face to face with Commander Sela, an old Romulan enemy -- whose there to convince the Elohsians to join the Romulan Empire. When a series of fatal incidents casts suspicion on both delegations, Data must form an uneasy alliance with Sela to prove the innocence of the Starship Enterprise crew -- or lose a strategic stronghold to the Federation's greatest enemy.
