

Runner

On a lonely planet in the distant future, Earth is a fading memory and technology is falling into ruin. As a runner, Jak Rebo delivers valuable packages from planet-to-planet. When he takes an assignment to deliver a young boy believed to be a reincarnated religious leader to another planet, Jak finds himself at the center of a violent religious conflict, dodging assassins around every corner. The risk doubles after he teams up with Lani Norr, a beautiful sensitive with a secret ability so powerful, some will stop at nothing to find and control her. Together they must battle their way through the far reaches of the galaxy to protect the boy and save their own lives. From New York Times bestselling science fiction author William C. Dietz comes this thrilling, action-packed book, which is the first in a two-volume series.
